

Name: _____

STUDENT QUIZ

Collaboration

Take this short quiz to test your knowledge.

1. A common cliché states that being in a creative relationship is like being _____.

2. Which two singer songwriters listed in the article write music and lyrics themselves but use a band to perform?

3. Besides not being too thin-skinned, what can you not have while collaborating on a song?

4. Which Canadian band wrote songs by jamming on a musical idea until they develop something they like and writing lyrics to it afterward?

5. Besides songwriting, what other aspect of music is collaborative?

6. What does a good collaborator have prepared before coming to a songwriting session?

7. Which famous songwriting partnership featured a lyricist (who wrote lyrics as the first step) and a composer (who took the finished lyrics and composed music to fit them)?

8. What is one reason collaborators might get mad at each other?

9. Being a good collaborator means knowing yourself and your partners, having a healthy attitude, and being willing to _____.

10. Which recent pop hit took over a year to come out because the artist thought the song was “stupid?”
